Corporate Tire, LLC is a Wholesaler based in Greenville, SC supplying truck tires all over the world. We offer new tires, retreaded tires, used tires, service and a complete buying program for all your take off tires. Since we sell all over the world, we are able to buy virtually any condition take-off tire regardless of age, times capped or brand. That means more money towards your bottom line, not to mention the waste savings in our local landfills and costly expense of sending to recyclers.

Used Tires:

Recommended for trailer tires, however drives are available. No steer tires will be sold in this category.

Selection Process: Every tire is thoroughly inspected with a NDTII machine and repaired by a Certified Tire Specialist. We pick only the best tires to refurbish with only minor to no injuries.

Pricing: based on original or times capped and tread depth (never under 9/32 inch).

\$65.00 to \$90.00
 Quantity discounts available

New Retreaded Tires:

Recommended for Drive tires and trailer tires. No steers will be sold in this category.

Retreading Process: Every tire is inspected and pressure tested before leaving the retread plant. These are Continental Retreads with a failure rate of less than 1%. Rubber compound is the best in the industry providing more mileage and less down time.

Pricing: CT is able to offer the most aggressive pricing anywhere in the country.

\$160.00 (any size)
